

# HEP RE-EVALUATION DECISION TREE

DRAFT

April 2005

QUESTIONS: 1. WHAT IS THE SCOPE/SCALE OF CHANGE NECESSARY TO "TRIGGER" A HEP AT THE 5 YEAR INTERVAL? 2. SHOULD HEP SURVEYS BE CONDUCTED AT NO MORE THAN 10 YEAR INTERVALS REGARDLESS OF COVER TYPE? 3. ARE THERE COVER TYPES THAT SHOULD BE RE-EVALUATED AT 5 YEAR INTERVALS WITHOUT APPLYING THE CRITERIA?
